## HAZX Drome

---

The HAZX Drome is a portable explosion-proof LED torch which can be used in Zone 1 & 2 (Gas). The torch has three outputs for inspection (up to 10 hours), general work (up to 20hours) and efficiency (up to 60 hours). The torch uses a 5W LED with a longevity of over 60,000 hours. The HAZX Drome is finished with an elastic rubber ensuring a high impact resistance.
