Egress Recessed

The Egress Spot is a 3W, 3 hour emergency recessed LED. This product produces 180lm under emergency mode with open area coverage. The Egress Spot is supplied with a 3000Ah Ni-Cd battery for optimum performance. The LED charge indicator is located within the LED head for a minimalist appearance. Egress Spotlights can be specified with either standard 3hr emergency with self test and central test options also available. Egress Spotlights come with the choice of either an open area or corridor optic
